Dhanesh: Hey Aryan, are you ready for the C language exam tomorrow?

Aryan: Not really! I still can't get my head around pointers. How about you?

Dhanesh: I'm a bit nervous too, but I think I understand arrays and loops pretty well. We should review pointers together!

Aryan: That sounds like a good idea. The exam is from 9:30 to 11, right?

Dhanesh: Yeah, exactly! How about we meet tonight at 7 PM at my place to go over the notes?

Aryan: Sounds perfect! I'll bring some snacks to keep us energized.

Dhanesh: Awesome! Let's tackle this exam together. We got this!

Aryan: Definitely! See you at 7!
